Core Value: Solving dual-earner family childcare + aging grandparent burden

Zero budget investment - Co-building community governance

NEIGHBORHOOD COMMITTEE PERSPECTIVE

ACHIEVEMENT

Innovative community governance case
"Youth Care" service highlight
Can apply for model project

RISK

Zero budget, zero risk
Leba operates everything
Just approve room usage

PUBLIC OPINION

Residents initiated request
Data-proven outcomes
Solves real pain points

RESOURCES

No committee funds needed
Utilizes unused room space

8-STEP PRESENTATION FLOW

Opening

Thank Secretary Chen for time, transition to topic

Icebreaker

Residents approached US with constructive idea

Show Results

Data: 27 students, 22 families, 9.7/10 satisfaction, 100% retention

Need - Public Demand

More families want to join, projected 40-50 households

Solution - Dual Use

Unused room: AM early ed + PM AI study room + Senior classes

Community Value

Solves childcare + senior care burden, zero cost

Request Approval

Respectfully request approval to serve Jinshui Xinyuan Phase II

Commitment

Full operations and management, no trouble for committee

Q&A PREPARATION

Q: Qualifications & safety?

A: Registered center, CCTV, certified teachers, insurance

Q: Can you scale up?

A: Already running 27 students, AI system manages efficiency

Q: What is AI Study Room?

A: AI-assisted self-learning, teacher shifts from teach to guide

Q: Bothering residents?

A: Controlled numbers, time-slot scheduling, no noise

Q: Committee funding?

A: ZERO budget! Leba self-funded. Just need space approval
